

ANNUAL CRIME BRIEF 2024

TOTAL NUMBER OF PHYSICAL CRIME CASES REMAINED STABLE IN 2024

Total number of physical crime cases

CRIMES OF CONCERN

SHOP THEFT

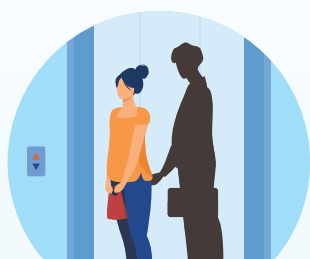

TOTAL NUMBER OF CASES REPORTED

⬆️ **7.6%**

2023 **3,939**

2024 **4,237**

Most of such cases occurred at supermarkets, beauty shops, and personal care/health and wellness shops. The increase in cases reported can be attributed to retailers adopting technology such as CCTV system, which have enhanced retailers' ability to detect shop theft incidents. Shop theft remains one of the top offences for youths arrested in 2024.

OUTRAGE OF MODESTY

TOTAL NUMBER OF CASES REPORTED

⬇️ **6.6%**

2023 **1,528**

2024 **1,427**

Most cases occurred at residential premises, shopping complexes and public transport network. More than half of the cases involved culprits known to the victims.

There was a decrease in the number of cases in public entertainment (PE) outlets and the public transport network.

VOYEURISM

TOTAL NUMBER OF CASES REPORTED

⬆️ **9.0%**

2023 **476**

2024 **519**

Most cases occurred at residential premises, shopping complexes and public transport network.

Most cases at residential premises were committed by perpetrators known to the victims, while the cases at shopping complexes and in the public transport network typically involved perpetrators unknown to the victims.
