

GETTING STARTED WITH SONAR

For STR filers

(Updated on 1 July 2024)

TECHNICAL REQUIREMENTS

Compatible Web Browsers

SONAR platform has been tested to be compatible with the following web browsers:

- Internet Explorer 11
- Microsoft Edge (recommended)
- Mozilla Firefox 50+
- Google Chrome 60+

We recommend clearing your cache each time before starting a new SONAR session using a private browser.

To optimise your experience, you may wish to check with your IT department to ensure that the following settings have been made on your organisation's workstations and proxy servers.

Proxy Server Settings

- Allow internet traffic from the domain *.gov.sg
- Proxy server should not terminate or refresh internet access sessions automatically

Internet Explorer Settings

- Enable cookies
- Do not use the <Back>, <Forward> and <Refresh> buttons on your browser or use "Ctrl + N" to launch a new window when the SONAR application is open. Keyboard shortcuts such as <Backspace> to go to the previous page will also cause your session to be terminated prematurely.

Compatible Adobe Readers

Use only the following Adobe software:

- **Acrobat DC (release note 15 or later)** (Available for free on the Adobe website); OR
- Acrobat XI (release note 11 or later)

If you submit a report using an incompatible Adobe software or third party PDF editor, you may be required to file your report again.

Do also install the necessary Adobe Font Pack(s) to use certain font type(s) in the form (available for free on the Adobe website).

If you have created draft forms with outdated Adobe software or third party PDF editors, you should:

1. Delete the old drafts or templates;
2. Download a fresh template from SONAR; and
3. Use a compatible Adobe software to create a new draft

INTRODUCTION AND CONTENTS

Introduction

In August 2018, the STRO Online Notices And Reporting platform (SONAR) replaced the Suspicious Transaction On-Line Lodging System (STROLLS) to allow electronic submission of Suspicious Transaction Reports. SONAR is also the consolidated platform to allow electronic submission of Cash Movement Reports (Form NP 728) and Cash Transaction Reports (Form NP 784). This guide serves to inform Suspicious Transaction Report filers on the functions of SONAR and how they can use SONAR to electronically submit Suspicious Transaction Reports.

Getting Started

- To begin, access SONAR through the [Police e-Services webpage](#).
- Select 'Lodge Report'.
- Under the category 'Anti-Money Laundering and Counter Financing of Terrorism', select 'Suspicious Transaction Report, Cash Movement Report (Form NP 728), Cash Transaction Report (Form NP 784) for Businesses'. You will be redirected to the SingPass sign in page.
- You may choose to log in via the SingPass App or by entering your SingPass credentials.

! Do not bookmark this SingPass login page because this is a redirected link. Always access SONAR via the Police e-Services webpage.

The image displays two side-by-side screenshots of the SingPass login page. The left screenshot is titled 'Singpass app' and shows a QR code with the text 'Scan with Singpass app Logging in as Business User'. Below the QR code is a 'singpass' logo. At the bottom, there is a link: 'Don't have Singpass app? Download now'. The right screenshot is titled 'Password login' and shows a login form with fields for 'Singpass ID' and 'Password', a red 'Log in' button, and links for 'Retrieve Singpass ID' and 'Reset password'. At the bottom, there is a 'Register For Singpass' button.
