

ANNEX B: List of Prohibited Items

1. Any noxious or offensive substance.
2. A marine flare and signal, landing flare, highway fuse, smoke generator, distress signal or other pyrotechnic device intended for signalling, warning, rescue or similar purposes.
3. Any petroleum or flammable material within the meaning of the Fire Safety (Petroleum and Flammable Materials) Regulations (Cap. 109A, Rg 7).
4. An explosive within the meaning of the Arms and Explosives Act (Cap. 13).
5. Any arms within the meaning of the Arms and Explosives Act.
6. An item capable of attaching a person to an object or another person, or preventing removal of any locking or connecting device.
7. An aerosol paint container or other implement or substance that is capable of being used to mark graffiti.
8. Any sound amplification device, such as a loud hailer.
9. Any of the following things that contains or displays any message, picture or image, or any explicit or implicit reference or comment that can reasonably be regarded as intended to demonstrate support for or opposition to the views or actions of any person, group of persons or any government, to publicise a cause or campaign, or to mark or commemorate any event:
 - (a) a banner;
 - (b) a flag;
 - (c) a placard;
 - (d) a T-shirt or any other article of apparel;
 - (e) an umbrella;
 - (f) an inflatable object.
10. Any public address system, electronic equipment, broadcast equipment or similar device which may interfere with broadcast equipment or similar devices being used by —
 - (a) the event organiser of the special event or police officers at or for the special event; or
 - (b) any other person, authorised by the event organiser or under the Act, to use broadcast equipment or similar devices at or for the special event.
11. A remotely piloted aircraft system for a remotely piloted aircraft, comprising —
 - (a) the remotely piloted aircraft;
 - (b) every remote pilot station associated with the remotely piloted aircraft containing the equipment used to pilot that aircraft;
 - (c) the command and control links between the remotely piloted aircraft and its remote pilot station or stations and other command; and
 - (d) any other components, as specified in the type design of the remotely piloted aircraft system, to fly that aircraft.
