

Samples of Approved Toy Guns

Singapore has strict law and regulations on the import of toy or replica guns.

2. Please take note that Police do not allow the import of toy gun which:
 - a. Closely resemble a real gun in make, model and appearance
 - b. Can easily be modified to look realistic
 - c. Can shoot hard projectiles
 - d. Are Cap Guns (toy gun which creates loud sound and smoke by hitting on caps which contain minute amount of explosive powder)
 - e. Speed of the projectile exceeds limit of 250 feet per second (fps)

3. Children's toy guns are intended for play and recreational use. They can be approved for import. A children's toy gun meets all these criteria:
 - a. It is a toy;
 - b. It does not resemble a real gun in make and appearance;
 - c. It cannot be easily modified to resemble a real gun;
 - d. It is in bright colours and has markings to distinguish it from real guns;
 - e. It is unlikely to cause alarm, injury and/or hurt to others; and
 - f. It only shoots soft projectiles (if any) such as water, foam darts, soft rubber balls, etc which are designed to not cause harm and/or bodily injury.

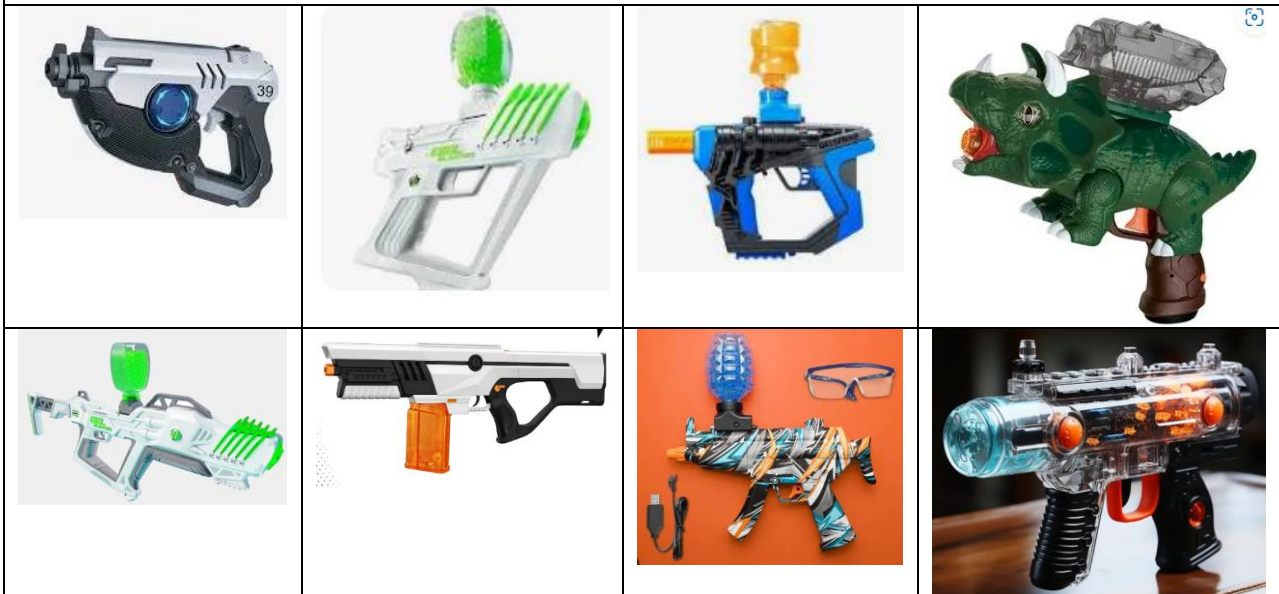

4. Below is the sample list of **Approved Children's Toy Guns**. These items are approved for importation and public do not need write to PLRD for approval.

Foam Dart Guns

Water Gel Blaster Guns

Other Gun Shaped Toy Guns
